Nestled in the heart of Cape Town, this unique African-Cape Malay venue will take you on a food safari from Table Mountain to Timbuktu. Just as Africa is full of many diverse tribes and cultures, Gold's diverse menu presents traditional meals from all over the beautiful continent: Cameroon, Sierra Leone, Malawi, Tunisia, Egypt, Tanzania and Mozambique, as well as traditional South African cuisine. Accompanying this unique taste experience, you will also be treated to an array of interactive traditional African performances.

Unique African performances will take place during your dinner. Your dining experience begins with a praise singer who welcomes you and introduces you to the performers, which include singers, dancers, puppets and musicians. You will then enjoy a taste of an African celebration, with the vibrant dancers. Gold's African queen will then shower guests with 24 carat gold dust to thank you for visiting, and in honour of the royal African queens. This event is one not to be missed – an experience that will leave you dreaming African dreams for days to come.

Come ready and prepared for a sensational night of opulent feasting that you will never forget!
